Message from the Principal

We had a great month of March! Students completed the IAR assessment, participated in the Opera for the Young assembly, and learned about famous Women in history! Girls in grades 5-8 attended the Women in Manufacturing Summit at Black Hawk West and elementary students celebrated Dr. Seuss! I hope everyone has a safe and fun Spring Break!

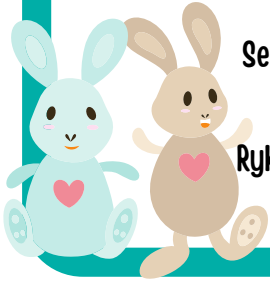

Mrs. Bates

Congratulations to our Artists!

Several of our students won ribbons at the BVEC Art Festival! Congratulations to the following students:

Ryker Hammons, Tenley Dutton, Levy Currie, Sergio Torres, Ayble Simmons, Haela Goad, Taylor Fink, Rylee Blades, Xavria Speakman, and Bryson Williams!

Counselor's Corner

April's SEL focus will be on conflict resolution. Students will talk about ways to solve problems through communication, controlled emotions, and thinking outside of the box. I have attached a QR code below with a read aloud story for your students! I hope everyone enjoys their Spring Break!

PE with Mr. Cook

Frisbee Golf is our next physical education unit! With the weather getting warmer, we will be outside a lot more. Please make sure students in Jr. High are still dressing including TENNIS SHOES, t-shirt, shorts/sweatpants.

Reading and Math Carnival

The Neponset Parent-Teacher Club will be putting on a Reading and Math Carnival on April 23rd from 5-6 pm. Throughout the month of April, students will be able to earn tickets to play games at the Carnival. Tickets will be available to purchase at the door. Each class will construct a carnival game pertaining to either reading or math. Snacks and prizes will be available! Hope to see everyone at this fun family event!
