Dear parent or guardian,

All students who enter **9th grade** are required by the State of Illinois to submit documentation to the high school of the following:

- **school physical**
- **up to date immunizations**
- **dental exam**

Enclosed are **school physical and dental forms** to be completed by your healthcare provider. The Illinois State deadline for physicals and immunizations is **October 15** of each school year. **If the physical exam and/or immunizations were not completed prior to the start of school, we are requesting you provide the high school with an appointment date. Appointments become more difficult to obtain as the school year begins, so please make your appointments as soon as possible.**

If you have any questions, please contact the school nurse. Thank you for your cooperation with these state requirements.
